Thanks Deb...have a good trip back. Hopefully, you saw more sun in Libby than we have had here all week!

Enjoy the long weekend,

Douglas

Will do. I am on my way back from Libby today. So, I will send her an email today and get back to you with her response ASAP.

Thanks for letting me know.

Greetings Deb: Jim and I spoke briefly this morning about his work on this UIC project and coordination with our in residence ESA expert, Sherry Skipper. FYI, Jim committed to having a draft ESA consultation letter on Dewey Burdock ready for our review by next Thursday when OPRA leadership is meeting on next steps in the UIC permitting process as follow up to our two hour briefing with Shaun earlier this week.

## Ex. 6 Personal Privacy (PP)

We continue to appreciate Jim's investment in this high profile work for the UIC program, and look forward to bringing our internal ESA work to fruition so we can promptly consult with the USF&WS.

Thanks for considering our request for your help,
